

Individual Learning Subscription

Self-directed online learning for individuals or small groups

At Kinaxis®, we recognize RapidResponse® users have different levels of skill, knowledge and experience. It's why we created the Individual Learning Subscription. Offering a choice of four individual subscription roles – Contributors, Authors, Administrators and RapidResponse Experts – the program is designed to meet your needs wherever you are on your journey.

With the Individual Learning Subscription, you get the rich content, availability and skill validation you need to maximize your RapidResponse investment – at significant savings compared to purchasing a la carte training. The subscription includes unlimited access to online learning and your personal RapidResponse hands-on lab environment. You'll also be able to earn Kinaxis certification vouchers and validate your skills through our certification program.

Rich content

RapidResponse knowledge is in our DNA. A specialized team of certified RapidResponse experts and content developers creates all learning content. They work with Kinaxis product development and Center of Excellence teams, as well as other Kinaxis experts, from the inception of new product requirements through to their release in the latest version of RapidResponse.

That means you'll always have access to the most expert and current content—designed using adult learning principles and best practices.

Here's a bonus – with the Individual Learning Subscription you gain immediate access to all new training content as soon as it's commercially available. No waiting and no additional cost. You're always working with the latest version of RapidResponse through our course materials and hands-on lab environments.

24/7 global access

Enter into your subscription knowing your learning experience is built on cloud-based, scalable global platforms. Whether you're on the move, at home or working remotely you have 24/7 access to the Kinaxis Learning Center, where you'll find learning content served up in an easy-to-navigate interface. It's the same user experience around the world!

Access to experts

We've invested in a team of certified learning experts and consultants who bring years of experience to the table – in supply chain management, RapidResponse and adult learning best practices. Benefit from their expertise throughout your learning subscription.

Skills validation

Sometimes it can be difficult to gauge how you're doing on your learning journey. The subscription includes knowledge checks and personal transcripts to easily monitor your progress. When you've finished the prerequisite training, we'll provide you with certification vouchers for your specific role and pro-actively let you know which Kinaxis certification exam you're eligible to take.

We want to give credit where credit's due. Individuals who pass Kinaxis certification exams become Kinaxis-certified. Also, did you know professional associations like APICS and ISM recognize course completions for credit?
